Research on online porn

- In 2000, online pornography was a \$1 billion-a-year industry
- In 2007, it had ballooned to a \$3 billion-dollar-a-year industry
- In 2010, out of the one million most-visited websites worldwide, 42.3% were sex-related

Research on mobile porn

- In a 2012 survey, 43.8% of adult industry executives and stakeholders said phones and tablets would soon become consumers' primary porn-viewing devices
- By 2017, ¼ billion people will be accessing online adult content from their phones or tablets—a 30-plus % increase from 2013.
- Mobile adult videochat will have a compound annual growth rate of 25%

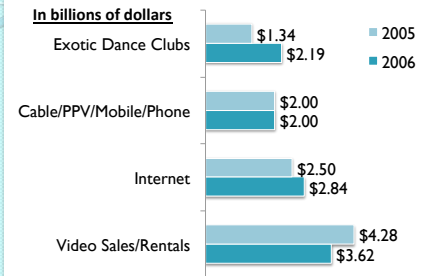

**U.S. research, 2014
(Barna Group)**

Reported viewing pornography at least several times a week	Men	Women
Ages 18-30	63%	21%
Ages 31-49	38%	5%
Ages 50-68	25%	0%

Gail Dines, Wheelock College

Many on the liberal left adopt a view that says pornographers are not businessmen but are simply there to unleash our sexuality from state-imposed constraints. Trust me, I have interviewed hundreds of pornographers and the only thing that gets them excited is profit (in an interview with Bindel, 2010).

Legal sex industry revenue, U.S.

Challenges in estimating \$\$

- The industry is privately owned
 - There are no agreed-upon definitions for what constitutes an “adult” service.
- However...
- Paul Fishbein, president of Adult Video News Media Network, estimated that the sex-related entertainment business revenues in the U.S. for 2006 were just under \$13 billion.

Corporate investment

- In 2012, Goldman Sachs owned 16% interest in Backpage.com (Village Voice), only sold it because of public protest
- Business magazines published articles recommending investment “sin stocks” (alcohol, tobacco, gambling, and sex) to “diversify your portfolio”

Rick’s Cabaret Jan-Nov 2013 Trade volume ↑ by 27% after business magazine promotion

Recent market shifts

- The Free Speech Coalition (a pro-industry group) estimated that between 2007 and 2011, global and U.S. porn revenues dropped by 50% because so much free porn was available online.
- Less use of affiliate web sites (marketing hubs), more independent pornographers

Google search: "amateur porn"

- As she reaches for it, the bus drives off, men laughing at her "stupidity"
- Exploitation, degradation, and cruelty promoted as men's "entertainment"

Pornography

Greek for graphic writing of whores
Technology-based prostitution and trafficking
Separation of women into madonna (wife/
mother) versus whore
Imported ideology
Unaware of such separation in Indigenous
Rather “women are sacred” vs “some” are
valued
Split fetishizes “wives” and “whores”, ie all
women

Pornography

- Reflects and informs culture (& demand)
 - Disconnected yet integral
 - Mainstream advertisements
 - Mustaches
 - Soda bottles spraying from men's crotches and/or into women's faces
- Power of story + sexual response

Harm of Pornography

- “Right of passage” for boys
- Impact on male sexuality
- Ease of access via Internet
- Studies show desensitization, to acting out what is seen in pornography on their female partners and children
- Addictive aspect
- Used in home and by pimps to groom
- REAL women, teens, and children used

Basic Themes

- No really means Yes --or--
- Yes, all the time, any and every way
- Incest
- "Sex" with children, ie child rape
- Every racial and religious stereotype
- Lesbian sex
- Sexual harassment
- Classism—cartoon with roaches
- Domestic Violence—"How to Tie Up Your Wife"
- Pregnant

Basic Themes

- Oral sex—facials—"eating" ejaculate
- Anal sex
- Sexual harassment in workplace
- Disabilities
- Infantilizes women and portrays girls as adults
 - Shaving female pubic area
 - Dressing up girls as adult women
- School girl, nurse, just turned/over 18
- "Dirty"—women, class, race, "whores"
- Continual degradation of women and girls

Political content

- Responds to and mocks feminism, anti-racism by forging sexual degradation with male arousal and climax
 - Male and female racist stereotypes
- "Free speech"
- Pornographer as cultural rebel/anti-hero
- Pornography is about POWER + SEX
 - Who has it and who does not

Interconnections

- Domestic violence, prostitution, trafficking, adult pornography, child pornography, child sexual abuse
- Example:
- *Deepthroat* movie from 1972
- Entire penis inserted in mouth and throat
- Linda Marchiano's, aka Linda Lovelace, husband pimped her in the movie
- Hypnotized her so she would not gag
- *Deepthroat* now extremely popular (63,700,000 results in .35 seconds)

Wifewhore Genre of Pornography

- Blurring of line between "wife" and "whore"
- Fits in with idea that all women/females are whores
- Changing idea that promoted "wives" as different from "whores"
- "Private" versus "public" women

As Part of the Overall Normalization of Pornography

Now all women can be "whores"
thus

Race and "Special" Oral Sex

- **NDNgirls** members can't seem to get enough of **Raina...** the cute lil' 19yr old "full-blooded" Navajo hottie from New Mexico! Personally I still kinda favor some of the native chicks from Canada that I've filmed over the years (especially **Danica...** damn she sucks a mean one!!) cause they give superb nut-sucking blowjobs; but you website members have spoken, and I'm hearing that you guys want me to film more "full natives" and not the "halfbreeds" so it is what it is. Y'all niggas clearly have some issues but you're entitled to your opinion... my dick clearly doesn't discriminate and to me most natives look kinda "Cabilasian" like they related to Tiger Woods and shit. People are just people. And quite honestly I'll film damn near any real 18+ Native chick for NDNgirls who signs the damn papers, but every now and then I will travel a distance and pay a premium for a real dimepiece like **Raina.**"

Alcohol and Drugs

- I typically don't film my girls really late at night because I like for the girls (and myself!) to be energetic and not look all tired and shit... because then motherfuckers be accusing them of being "[drunk and high on drugs](#)" just like crazy **Daisy** from **Thunder Bay, Ontario** who admitted to chopping off some niggas finger on her NDNgirls video and then hollering to the Press about some bullshit of her being too fucked up to remember what she did ([See news clip here](#)) . Oh the drama this website produces... more than a fucking spanish soap opera. Anyhow back to **Nissa...**

Husband Pimp

- Doorbell rings around 11pm and I open the door and Nissa is there with her husband, some old white dude who resembles Colonel Sanders from KFC... I didn't realize this as I was filming but you can see the reflection of him on my sliding glass door because its night time and all the lights reflected off the glass... lols... anyhow they come in and fill out the standard model paperwork and whatnot. Her dude mentions to me that he will stay out of the way while I'm filming etc and I don't have a problem with that because I'm just a **crazy negro** who will have sex in front of an audience without flinching... its one of the traits you develop over the years of being butt ass naked in front of and behind the camera... you just have no shame period. So I say to dude well since you're here man you might as well hold a camera and be useful. So this was only the 2nd time that I've used a cameraman for NDNgirls, the first time was when **Phoenix Knight** came over with her boyfriend and we both tag-teamed her fine ass. Oh the memories.

Racial and Sexual Degradation

- **Nissa** was a real freaky girl and wanted me to cum in her mouth. She opened wide for my triple-thick milkshake and instead of it popping in her mouth **it went right up her big ass indian nose** and she snorted/backfired from the cumblast. She couldn't breathe for a few seconds, then she laughed it off. If I had to make a bloopers reel for NDNgirls this would be one of my favorite moments, right up there with the time Danica gagged and damn near threw up when I came in her mouth. You never know what's gonna happen next on NDNgirls, enjoy...and remember **new members get a FREE DVD in the mail.** More girls on the way!

Buys "girls" & hunting ground

- As you guys probably know, I film a **LOT** of natives up in **Winnipeg** and **Thunder Bay**. *The pussy is good, and relatively cheap* compared to what I have to pay native girls in **Albuquerque** and **Phoenix**, my other favorite hunting grounds... Some of my Canadian **NDNgirls** are decent looking, others, not so... but they are **all** native nonetheless. That I guarantee. In Canada the girls actually have "**indian status cards**" which certify that they are indeed aboriginal/first nations or whatever it is they want to call themselves this week. This little card lets them buy everything from cigarettes to cars without paying any taxes; it also infuriates white folks to no end for carrying their burden of taxation and entitlement programs for generations. Need I remind yall niggas you are on *their* land so quit yer bitchin, or do like I did and simply move out of the country, and make a silly website. :)

Disdain for "whores"

- **Bettie** is that little native princess, and she was well worth the trouble and travel. She is a professional **superwhore**, meaning that she models/escorts (pick one) for a living. Many superwhores tell everyone they are glamour models so as to throw off the scent that they are whoring themselves out for a living, and thats cool with me whatever floats your boat and makes you feel better. I, for one **love** superwhores and only date superwhores. I believe in the "pay for play" principal because it keeps everything honest and upfront on the low-low. There is no sense of entitlement/ownership like you're married to the bitch, you can fuck as many girls as you can afford to fuck without girlfriend guilt trips and bricks being thrown through your cars windshield while you sleep, and in my case **I always get what I want**, which is usually to deposit some of my sperm in their mouths and send them home, before their mind starts wandering and they get the urge to steal something on their way out the door. Always remember: **you don't pay a whore to fuck you, you pay her to leave!**

“Group Sex”/Trains

- Once I arrived in the 'Peg and hooked up with **Bettie**, I emailed a few of my website members and asked if they wanted to fuck her too. I told them upfront I wasn't gonna pay them, that in fact her pussy was their payment, and I received over a hundred responses within the next few hours, some dude claiming to be from British Columbia said he would hop on the next Westjet flight just to fuck her but I ended up picking a handful of guys in the immediate area that actually left me local phone numbers to contact them with. That afternoon, 3 of them showed up at the little cheezy hotel on **Pembina** that I rented. Last time I was filming the **NDNgirls** series in Winnipeg (see *Cindy the Winnipeg Wonder*) I used the big **Holiday Inn** downtown because it was close to the hoe stroll on **Ellice Ave**, nearby the welfare apartments but they didn't take it too kindly that I was ushering native whores in and out of their revolving doors every few hours,

Physical & Sexual Violence--Train

- Getting to the video, the Winnipeg boys tag teamed Bettie and **fucked her like a rotisserie chicken**, with dicks jammed in both holes. It was pretty fucking funny actually. Maybe this is normal behavior in Canada. I like to think I'm a gentleman when it comes to whoremonger ettiquitte, but these crazy canadian motherfuckers went all out. They were slappin the bitch around, yanking her hair, and doing all sorts of crazy off the wall shit to her. Strangely enough, Bettie didn't complain one bit and even had a shitfaced grin on her face while getting gangbanged. This one nigga even started to choke her and I told him to stop that shit for liability reasons that might not be covered by her model release. It was just weird what can I say. This was definitely one of the more unusual shoots, but it is what it is. Filmed it in 1080i with my new HD Canon camera. Enjoy... and FYI Bettie is available for outcall service in the Winnipeg area, she ain't cheap but as you will see from the video she is worth every dollar.

Mocking Native Culture

- Sorry to dissappoint all the indian dudes out there who keep sending in death threats for me having **sexy fun boom-boom long time with their "sacred native women"**.
- Found 1300 Indians at a place called Walmart
- Raina is a real schoolgirl, full blood Navajo and he says he paid her ransom
- Calls woman “big nose Nissa”

Recruiting and lack of jobs in Thunder Bay

- I initially met her on **Memorial ave** across the street from **InterCity shopping mall** where they have this place called "one stop career shop" (no shit, thats what its really called!) its like a job center that lets you use their computers and fax machines to do job searches and shit, but there really are no jobs in Thunder Bay other than operating meth labs in trailers and grinding Oxycontin pills and trafficking them to northern reserves at jacked up prices... so a lot of girls just go there to fuck around on the computers and do their facebooking and whatnot. The rest of the people there are usually on "social assistance" (welfare) and are required to do these retarded ass fake job search forms every month to continue receiving their welfare checks, so you can only imagine the type of crowd in this ghetto ass internet cafe for the unemployed. What can I say its a great place to find models to film when they are not on **Simpson** or **McKenzie St** selling their ass. :)
