Stalking

A pattern of behavior directed at a specific person that would cause a reasonable person to feel fear.

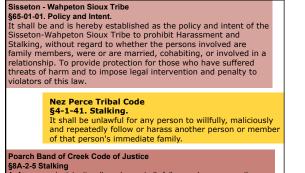

Stalking: Fear

What is difficult about this aspect of the crime of stalking?

- □ Subjective
- People don't admit to being fearful
- People react differently to fear
- Sometimes have to prove offender's intent
- □ All about the context of the behaviors

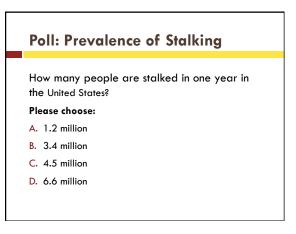

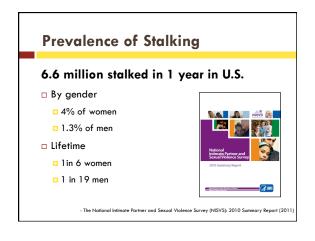

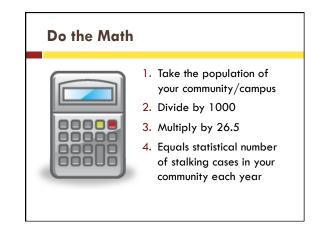

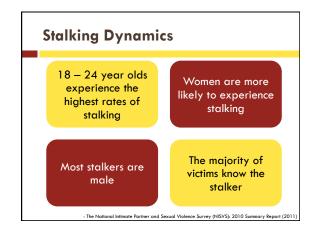

§8A-2-5 Stalking A. A person who intentionally and repeatedly follows or harasses another person and who makes a credible threat, either expressed or implied, with the intent to place that person in reasonable fear of death or serious bodily harm is guilty of the crime of stalking.

Stalking Victimization in the United States, BJS (201

"It's not easy to describe the fear you have when you see the stalker, or signs of the stalker, everywhere you go. I have given up all hopes of ever having a safe life. For the rest of my life, I will be looking over my shoulder, expecting to see him there."
